# Highlights Puzzle Levelled Readers

Our innovative content motivates children to read the story, solve the puzzle, and then go back and do it again! Level P follows forest adventures with Bear and Friends. Level 1 features Maggie, a scatterbrained magpie, and Pie, a rule-following pigeon, as well as Nick and Nack, a boy and his robot. Level 2 follows Kit, the cat and Kaboodle, the mouse as well as Knox, a snail mail carrier. All levels have special activities — matching activities in Bear and Friends, recipes in Maggie and Pie, puzzles for Nick and Nack, and hidden objects for Kit and Kaboodle.

Signature puzzles provide a scaffolded approach that progresses in complexity in both story and puzzling levels as kids move up from one level to the next. All books are leveled with both Lexile and Fountas & Pinnell Text Level Gradient systems, making them ready to use in classrooms, school libraries, and at home.

- Level P – Let’s Discover Reading: Hidden letters in each illustration throughout the book help develop letter-identification skills, with a bonus matching activity to reinforce vocabulary.
- Level 1 – Let’s Explore Reading: Visual logic puzzles add interactivity, with a bonus activity to reinforce hands-on learning.
- Level 2 – Let’s Read, Read, Read: Hidden objects and mazes prompt visual learning, with bonus knock-knock jokes and a **Hidden Pictures** picture dictionary at the end that reinforce re-reading.

## Dear Highlights

### What Adults Can Learn From 75 Years of Letters and Conversations with Kids

A unique look inside American childhood is brought to life through conversations between Highlights magazine and its young readers. This touching compilation serves as a reminder for adults to lean in and listen to children, to make sure our kids know that they matter and what they think matters, and to assure them that they have the power to become people who change the world.

Tens of thousands of children write to Highlights magazine each year, sharing their hopes and dreams, worries, and concerns, as if they were writing to a trusted friend. From the beginning, the editors at Highlights have answered every child individually. This remarkable collection that includes letters, emails, drawings, and poems reveals an intimate and inspiring 75-year conversation between America's children and its leading children's magazine.

From the timeless, everyday concerns of friendship, family, and school to the deeper issues of identity, sexuality, divorce, and grief, here is a unique time capsule of American childhood in the voices — and the very handwriting — of children themselves.
