

Make sure you have the captivating book spotlighted by Eyal Press in the *New York Times Magazine* that details how we're being hurt—instead of healed—by corporate medicine

9781586423544 | HC | \$29.00 \$38.00

"If I Betray These Words" ably humanizes modern, troubled physicians and rightly recognizes an important cause of their suffering."

—*The Wall Street Journal*

- Profiled by Press in his 6/18 *NYT Magazine* piece "The Moral Crisis of America's Doctors," which will be read and featured as a *NYT Daily Podcast* – one of the featured "Sunday reads" in July

"A fierce denunciation of American medicine in which physicians are the heroes—mostly...An expert bottoms-up examination of our diseased health care system."

—*Kirkus Reviews* (starred review)

"This is an important call to action."

—*Booklist*

"This book is great for anyone working with patients, from nurses and doctors to health care and hospital administrators. It puts a spotlight on the problem of moral injury and how to rectify it."

—*Library Journal*
