ABOUT JESSIKA FLECK

Jessika Fleck is a writer, voracious coffee drinker, and knitter—she sincerely hopes to one day discover a way to do all three at once. Until then, she continues failing to resurrect house plants, training to be an archivist, and slowly evolving into a genuine “cat lady.” She writes both young adult and middle grade fiction, but has an extra squishy soft spot in her heart for Choose Your Own Adventure. As a child, she and her little brother read Choose Your Own Adventure books nightly and would take turns making the choices. What he still doesn't know is that she would secretly go back on her own and make the opposite choices later! She's thrilled for the opportunity to write the choices this time.

Something fishy is going on at Dregg Corporation, the biggest employer in your town. You’re determined to find answers, but in order to make your next choice, you’ll also have to find solutions to algebraic equations along the way!

Each of the four chapters includes an “Adventurer’s Advice” section to help students navigate their way through the gamebook if they find themselves in need of algebraic assistance.

You have some Dregg Donuts at home. You have 3 unopened boxes, plus 4 extras. In total, there are 43 donuts. How many donuts come in a box?
